

They'll Clap When You're Gone
Chelsea Wolfe

[Verse 1]

Dm **F**
I can feel the walls closing in
Dm **F**
And I don't want to talk anymore
Dm **F**
Wish I could quietly slip away
Dm **F**
And leave you here with no void
Dm **F**
The only reason I stay is to care for you
Dm **F**
Everything else in me has atrophied
Dm **F**
I am cold and painless now
Dm **F**
I want to live but I feel nothing

[Pre-Chorus]

Gm **Dm**
When can I die? When can I go?
Bb **Dm**
When will I be free? When will I know?
Gm **Dm**
When can I run? My legs are bound
Bb **Dm**
When can I go? When can I go?

[Verse 2]

Dm **F**
Was born a blackened seed in the wild
Dm **F**
And I never was a child
Dm **F**
I was pulled right out of the sea
Dm **F**
And the salt, it never left my body
Dm **F**
Someone opened me up while I was sleeping
Dm **F**
And filled my body right up with sand
Dm **F**
I carry a heaviness like a mountain
Dm **F**
It forces me to remain
Dm
Alive and ugly

F
Alive and ugly
Dm
Alive and ugly
F
Alive and ugly

[Pre-Chorus]

Gm **Dm**
When can I die? When can I go?
Bb **Dm**
When will I be free? When will I know?
Gm **Dm**
When can I run? My legs are bound
Gm **Dm**
Can I leave here, knowing you ll be strong without me?

[Chorus]

Gm
They ll clap when you die
Bb
They ll love you when you re dead
Dm
And they ll understand
F
And you ll be forgiven then
Gm
They ll clap when you die
Bb
They ll love you when you re dead
Dm
And they ll understand
F
And you ll be forgiven then
Gm
They ll clap when you die
Bb
They ll love you when you re dead
Dm
And they ll understand
F
And you ll be forgiven then
