

I Still Havent Found What Im Looking For Cher

This is a tab from the U2 song covered by Cher.

I really prefer her version from the Farewell Tour because it s more upbeat than U2 s

one, which I find is really boring. The song is in Eb, which I play without a capo

but for those who want to play it with a capo, place your capo on the first fret and

play the **D, G, A** chords.
