Verse 1: I walked in the days, to the heat of the morning
The letter you wrote, still lay by my bed

How I ve wanted to die, from words that I ve read

Where will I go, oh what will I do
I m left here alone, in the heat of the morning
Forsaken by love, unwanted by you

Verse 2: All of my dreams, have been so sequel
Sweet songs of the night, now bitter and cruel
The morning sunrise, is just a reminder
That I m starting another day without you

Where will I go, oh what will I do
I m left here alone, in the heat of the morning
Forsaken by love, unwanted by you
