Don t talk about this love to anyone  
**Gb**                                      **Ab**

**Fm**                                      **Gb**  
Until I m sure that you re the one  
**Gb**                      **Ab**                                      **Fm**                      **Gb**                      **Fm**                      **Gb**  
Don t talk about this love to anyone

Love is a ghost I fear to touch  
In case I lose my innocence  
I feel so insecure  
I m not ready to be sure

Love is brutal my heart is fragile

Please don t talk about this love  
The less they know the less they judge  
Don t talk about this love to anyone  
I don t want the world to know  
Until I m sure that you re the one  
Don t talk about this love to anyone

Love is brutal my heart is fragile  
My heart is fragile

Please don t talk about this love  
The less they know the less they judge  
Don t talk about this love to anyone  
I don t want the world to know  
Until I m sure that you re the one  
Don t talk about this love to anyone
