

**The Flood**  
**Cheryl Cole**

Intro: **C**

**C**  
Turn the lights out, in the light house,  
I saw you coming,  
**Am**  
Felt the ship wreck  
Saw the wreckage, I heard you yelling,  
**F**  
Just a mess when I saw your reflection in the sand,  
**C**  
Wondering where you were washed up,  
Or I ran to the water, Mmmmm,  
**F**  
I can put my hands down in it,  
**C**  
But I won't bring nothing up,  
**Am** **G** (strum once)  
Sitting on the shore all day, waiting on the tide to come

**C** **Am**  
But you can't hold on to water  
**G**  
It fills you up but never stays  
**F**  
It's only good to wash away today  
**C** **Am**  
and your loving me like water  
**G**  
Your slippin' through my fingers such  
**F**  
A natural disaster love  
**C** **Am**  
Bringing on the flood, the flood  
**G** **F**  
Love me like a flood, a flood  
Bring it on

**C**  
Stay tonight out, by the beach house, it's all so quiet  
**Am**  
Lit a candle candle, by the window, so you might find it  
**F**  
Hope you know you'll always have a place to call your home  
**C**  
Still, I can't help but think, I could have saved you from drowning,
