**D**

Itâ€™s you and me

**G**

The stars and moon will keep us company

**Bm**

**A**

Theyâ€™ll watch over us as we fall asleep

**D**

And I will hold you close

**D**

So lay your head down on the pillowcase

**G**

Close your eyes and feel my warm embrace

**Bm**

**A**

Cause in my arms you know you will be safe

**D**

And I wonâ€™t let you go

**D**

So baby let my heart beat be

**G**

The rhythm that puts you to sleep

**Bm**

**A**

My smile will be the first thing you see

**D**

When you wake up when you wake up

**D**

So dream with me

**G**

Hold my hand, escape reality

**Bm**

**A**

Let my love be your cavalry

**D**

And I will hold you close

**D**

Donâ€™t you worry Iâ€™ll be by your side

**G**

I promise Iâ€™ll be here all through the night

**Bm**

**A**

Iâ€™ll comfort you until the morning light

**D**

I won't let you go

**D**

So baby let my heart beat be

**G**

The rhythm that puts you to sleep

**Bm**

**A**

My smile will be the first thing you see

**D**

when you wake up when you wake up

**D**

So baby let my heart beat be

**G**

The rhythm that puts you to sleep

**Bm**

**A**

My smile will be the first thing you see

**D**

when you wake up
