      Gm
                  Dm
Shorty get down, good Lord
Baby got em open all over town
                    Bb
Strictly biz, don t play around
Cover much ground, gettin paid by the pound
Getting paid is a forte
Each and every day, two player way
I can t get her out of my mind
                                        Gm
I think about the girl all the time, yo
East side to the west side
Pushing phat rides, it s no surprise
She got tricks in the stash
Stacking up cash
Fast when it comes to the gas
By no means average
As long as she s got to have it
              Cm
                       F
Baby, you re a perfect ten
                                  F
(I like the way you work it
                                Gm
