

**Make Me Smile**  
**Chicago**

**C#m**            **A**            **E**                            **D#m** **G#**  
Children play in the park they don't know

**C#m**            **A**            **E**                            **D#m** **G#**  
I'm alone in the dark even though

**C#m**            **B**            **E**            **A**                            **D#m**  
Time and time again I see your face

**G#**  
smilin' inside

(Chorus)

**E**                            **D**    **A**    **E**                            **D**    **A**  
I'm so happy                            that you love me

**E**                            **D**    **A**    **E**                            **D**    **A**  
life is lovely                            when you're near me

**E**                            **C#m**                            **B**                            **A**  
Tell me you will stay                            Make me smile

(verse 2)

Livin' life is just a game so they say  
All the games we used to play fade away  
We may now enjoy the dreams we shared  
so long ago

(Chorus 2)

Oh my darlin' got to have you  
feel the magic when I hold you  
Cry sweet tears of joy touch the sky

(Chorus 3)

Now I need you more than ever  
no more cryin' we're together  
Tell me you will stay                            Make me smile
