

Jellylegs
Children Collide

Ok, well this is not the whole song, but just the chorus part of it. Check out the other tabs for the verse parts.

Enjoy ;)

Chorus:

A# **G5** **D5** /??
Stretched out like a rubber band

A# **G5** **D5** /??
From one planet to the next

A# **G5** **A5** /??
You were dancing with your grandfather that lonely night

A# **G5** **D5** /??
I guess ill meet you in the afterlife
