

**Blue Eyes Unchanged**  
**Chinawoman**

[Intro]

**Em Bm F#**

[Verse]

**Bm**

Across from me, on the bus this afternoon

**B Em**

A girl of age ninety, eyes of blue

**F#**

Peering out from a body changed too soon

**Bm**

I saw the girl so charming in her youth

**Bm**

Her hat reveals a woman of taste

**B Em**

Now just to get off this bus is a torturous fate

**F#**

She ll slowly make the way back to her place

**Bm**

An apartment where no one awaits

[Chorus]

**Em**

Blue eyes unchanged

**Bm**

The body aged

**F# Bm**

Blue eyes you are my last witnesses now

**Em**

Blue eyes unchanged

**Bm**

The body aged

**F#**

Blue eyes tell me what you wanted to be

**Bm**

When you grew up

[Verse]

**Bm**

Blue eyes once reflected in her mother s gaze

**B Em**

On those summers as a child by the lake

**F#**

Blue eyes saw love s first embrace

The boy down the road

**Bm**

I wonder if he s alive today

**Bm**

Young girls go laughing past on the road

**B**

**Em**

No one pays attention to the old

**F#**

But at least we know justice will be served

**Em**

In the end everyone gets their turn

[Chorus]

**Em**

Blue eyes unchanged

**Bm**

The body aged

**F#**

**Bm**

Blue eyes you are my last witnesses now

**Em**

Blue eyes unchanged

**Bm**

The body aged

**F#**

Blue eyes tell me what you wanted to be...?
