

Closed Eyes Still Look Forward
Chiodos

Am

When you know that you finally made it,
 F **G**
can you make your way back, make your way back home?
 Am **G**
I ventured into the dark to search for a torch
 Em **F**
that would light the path ahead.
 Am **G**
Over mountains so high, far and wide.
Em **F**
Searching for a place to rest my head.
 Am **F**
On different roads I traveled, but I remained the same.
Am **F**
Facing fears with no fear on my face.

Am **F**
Through all the roads I traveled, I remained the same.

Em **D**
Facing my fears.

When you know that you finally made it,
 F **G**
can you make your way back, make your way back home?

Am **F** **G**

You re on your own, you re all alone out here. Find your way back home...

I found a place to rest my head.
