ima find cupid and put him in a headlock
now why did you pick on me
why let the pretty bird shit on me
i dont need good luck but i need good love
thats a girl that will stand by me
look honey i didnt diss you
therefore i shouldnt have to miss you
and now i feel like saturdays are weaker
me and my heart got crazy issues

and my girl its like round and round we go,
[hustle] ill prefer if you left me alone
cos i cant take the pain
and my heartbeat feels like an 808

oopsy daisy i hurt you again
crushed your heart in the palm of my hands
if you walk out baby ill understand
cos all ill do is hurt you again

destruction like fire on the ground
thats why you got to go, oh oh oh ohh

they say three times a lady
i say three times you re crazy
to done with the messin around
baseball love, three strikes you re out
you re too busy tryna catch me out
but i just wana get home
the touring, after a while gets boring
i need to come back to your touch
look its all too much
i guess now we gotta let go
you see me grow from a boy to a man
so this must really be the end of the road

and girl its like round and round we go,
hustle id prefer if you left me alone
cos i cant take the pain
and my heartbeat feels like an 808

im a walking disaster
dont wana hurt you thats why you got to go
destruction like fire on the ground
thats why you got to go

crushed your heart in the palm of my hands
if you walk out baby ill understand
cos all ill do is hurt you again
