Something resonated
G          D          C          G
I heard a million times before

If we re speaking honestly
          D          C
The more I see this heart inside of me

The more that I believe
C          G
I could use a little more Jesus
D          C
And a little bit less of me

C          G
I try to love my neighbor

And love my enemy
