

Nothings Beyond Broken

Chris August

[Verse 1]

There s a depression
I feel it pressing in my chest
There s not a question
You are the way to make it rest

[Pre-Chorus 1]

You can take death away
Who can do such a thing?
Nothing in the world could contest
There s a depression
But You are greater than the mess

[Chorus]

You make the broken something better than it was
You take a bad thing, add change and watch what it becomes
So here is my heart, it is barely beating
You are the One that I know it s needing
You have spoken
Nothing s beyond broken

[Verse 2]

When I am wrestling
With a failure in my life
Remember the lesson
You turn water into wine
