

Stranger

Chris August

Couldn't find any chords for this lovely song. I probably made a lot of mistakes,
I found it VERY difficult to hear the chords (I'm not much of a guitar player).
But I think it sounds bearable, hope you do too :)
the

G#/F G#/F D# C#
Stranger, till I hear your
G#/F G#/F D# C# (repeat)
laughter
Crazy, cause you're all I'm after
It's a pleasure, It was nice to have met you
And I'll remember
To never forget you

[Bridge:]
A#m
Cause when I'm excited
C# G#
I don't hide it, just to let you know
D#
I'm feeling you baby from
A#m
bottom to the top,
C# G# F#
How could I not stop to say hello

[Chorus:]
G#
So hello there, how are you?
C# D#
Amazing, It's nice to finally
G#
meet you, been patiently
C# D#
waiting, been waiting just to
A#m C# D#
see you, To tell you I dreamed you, Now I found you
A#m C# D#
so call off the search Cause I found my
G#/F
stranger

Stranger, till they call your name
It's amazing, it's a simple thing.
I see you walking, don't you walk too far.
I may be nervous but I wanna be where you are.

[Bridge:]

Cause when I m excited,
I don t hide it, just to let you know
I m feeling you baby from bottom to the top,
How could I not stop to say hello

[Chorus:]

So hello there,
How are you amazing,
It s nice to finally meet you,
Been patiently waiting,
Been waiting just to see you,
To tell you I dreamed you,
Now I found you so call off the search
Cause I found my stranger.
