

Crawl

Chris Brown

G **Dm7**
Everybody sees it s you,
F **C**
I m the one that lost the view,
G **Dm7**
Everybody says we re through,
F **C**
I hope you haven t said it too.

So where do we go from here
With all this fear in our eyes
And where can love take us now
We ve been so far down
We can still touch the sky

If we crawl
Til we can walk again
Then we ll run
Until we re strong enough to jump
Then we ll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love (Yeah)
Back to love (Yeah)

Why did I change the pace
Hearts were never meant to race
Always felt the need for space
And now I can t reach your face

So where are you standing now
Are you in the crowd of my foes
Love can t you see my hand
I need one more chance
We can still have it all

So we ll crawl
Til we can walk again
Then we ll run
Until we re strong enough to jump
Then we ll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love (Yeah)
Back to love (Yeah)

Everybody sees its you
Well I never wanna lose that view

So we ll crawl
Til we can walk again
Then we ll run
Until we re strong enough to jump
Then we ll fly
Until there is no wind
So lets crawl, crawl, crawl

So we ll crawl
Til we can walk again
Then we ll run
Until we re strong enough to jump
Then we ll fly
Until there is no wind
So lets crawl, crawl, crawl
Back to love
