

Should've Kissed You  
Chris Brown

Verso 1:

                  D   A          Em      G  
Why am I mad, I don t get it,  
                          D      A  
It seems like every time you give me signs,  
          Em          G  
And I miss it!  
          D      A  
I did it again,  
          Em      G  
I admit it,  
                          D      A  
I left you standing there,  
                  Em      G  
And now I regret it,  
                  D      A  
Seems like every time,  
          Em      G  
I get the chance,  
          D      A          Em      G  
I lose my cool, and I blow it,  
          D                  A  
And I get all tongue tied,  
          Em      G  
Lost in your eyes,  
          D      A          Em      G  
I m a fool, and I know it!

Refrão:

D                  A  
I should ve kissed you,  
Em                  G  
I should ve told you,  
D                  A          G  
Told you just how I feel,  
D                  A  
And next time I won t stop,  
Em                  G  
I ll listen to my heart,  
D                  A          G  
Cause what I feel is real!  
                  D      A          Em      G  
I should ve kissed you,  
                  D      A          Em      G  
I should ve told you how I feel,
