

**Got My Country On**  
**Chris Cagle**

So you can play this song two ways. You can do just simple D, Cadd9, G, and F...

or you can do the bar chords for these notes which are

**D Cadd9 G F**  
-x---x---x---x  
-x---x---x---x  
-7---5---x---x  
-7---5---5---3  
-5---3---5---3  
-x---x---3---1

Personally i think bar chords sound a lot better with this song. Other than that  
no capo and standard tuning.
