**Asus2 D**  
She motioned to me  
                          **F#m E**  
That she wanted to leave  
                          **D E**  
And go somewhere warm  
                          **D G**  
Where we d be alone  
                  **C Bm**                          **D F**  
I do not know what s going on  
                  **E D**  
But I m guessing  
                  **Asus2**                          **F G**

**D**                          **F**  
If it s an all night thing  
                          **Asus2 D Asus2**  
Nobody s gonna make it end  
                  **D F**  
And if it don t begin  
                          **Asus2**                          **D Asus2**  
Don t worry that I ll take offense  
                  **D**                          **F**  
And if it s an all night thing  
                          **F#sus2**  
And we fall like a tear falling to the ground  
**B**  
I ll never come around  
                  **E**  **D G**  
And you ll never hear a word from me  
                          **Asus2**  
If it s an all night thing

Segunda Parte:

**D**                  **Asus2**                          **F#m E**  
I walked alone, feeling at ease  
                          **D E**  
And falling like rain  
                          **D G**  
Into her scheme  
                          **C Bm**  
She won t let on to what will be

**E D**
