

**Bend In The Road**  
**Chris Cornell**

**G** **Em** **C** **G**  
Put a bend in the road I m too lost and tired  
**Em** **C** **D**  
To see where I m going, what I left behind  
**Em** **Bm G7** **G** **C**  
And I m moving so slow, don t know when I ll arrive  
**Em** **G** **C** **D** **G**  
So put a bend in the road, I m growing tired of straight lines

( **Em** **C** **D** **G** )

**G** **Em** **C** **G**  
I set off for the shore, that was farthest away  
**Em** **C** **D**  
From the ones I adored, in the place I was raised  
**Em** **Bm G7** **G** **C**  
And I roam down the road just to watch it go by  
**Em** **G** **C** **D** **G**  
And when nowhere is love, maybe nowhere am I

**Am** **G** **Am** **G**  
Everyone needs a touch, or a shoulder for crying  
**Em** **A7** **C** **D**  
They say love is a crutch, I say love is blind  
**G** **Em** **C** **G**  
And that s all that she needed, that I could not supply  
**Em** **C** **D** **G**  
With a bend in the road, put it out of my mind

**Am** **G** **Am** **G**  
Met a strange little girl, who was everything I  
**Em** **A7** **C** **D**  
ever dreamed I could love or be loved by

**G** **Em** **C** **G**  
So put a bridge, or a hill, or a forest of pines  
**Em** **C** **D**  
Or a river of blue I can run alongside  
**Em** **Bm G7** **C**  
And I ll sleep when it s night, I ll follow all the signs  
**Em** **G** **C** **D** **Em** **A7**  
Just put a bend in the road, I m growing tired of straight lines  
**C** **G** **C** **D** **G**
