Ok, now... bear with me. This little bridge part sounds like it's mostly synth & keyboards. However, most of us (being guitarists) can't reach over the guitar and start playing keyboard right off the bat, and I certainly can't tab for keyboard, so this is what it seems to be on your guitar (at least reasonably similar)

```

G|-----|-----|-----|-----|-----|-----|-----|
D|-----|-----|-----|-----|-----|-6---5---|-----|
A|-6-----|-6---5---|-2---5---|-----|-6---5---|-----|-5---|
E|-----6---|-----|-----|-6---|-----|-----|-----|

```

Even... burn... or fall... wander... mind... find... lie can...

Very annotated lyrics... just wanted to give you guys a good idea of where these notes go. Also, add in a faint one of these after every note in the bridge:

```

e|-----7---|
B|-----7-| I don't know if this belongs there, but it sounds
G|---8-----| good enough, and the bridge is more textured than
D|-----| I can decipher. If anyone out there can find a
A|-----| better explanation for what the bridge does, please
E|-----| e-mail it to me, and I'll fix this up and give you credit.

```

That's the tab, right there... If you happen to have any Cornell tabs around, I'd be much obliged. I'm especially looking for Preaching the end of the world?, Sweet euphoria?, and Say Goodbye?, but anything off Euphoria morning would be gladly
