searching for light in the darkness of sanity

I ask myself          is all hope lost

Is there only pain and hatred and misery?

What s so funny about peace, love and understanding no

What s so funny about peace, love and understanding

As I walk on through troubled times
My spirit gets so downhearted sometimes
Oh, where are the strong,
and who are the trusted?
And where is that harmony, sweet harmony?

And each time I feel it slipping away
Just makes me wanna say
What s so funny about peace, love and understanding no
What s so funny about peace, love and understanding no
What s so funny about peace, love and understanding
