[Verse 1]

F Bb F Bb F Bb  
Ooh, give me freedom and light, give me reason and right,  
F Bb F  
all I need s a little time to get by  
F Bb F Bb  
Turn my face to the wind, hear the nightingale sing,  
F Bb F Bb  
and wonder at the stars in the sky,  
F Bb F Bb  
So many things I don t know so many ways I won t go,  
F Bb F Bb  
so many secrets that will never be found,  
F Bb F Bb  
But as long as you re with me with loving to give me,  
F Bb F Bb  
we can watch the world going round...

[Chorus]

F Bb F Bb  
Ooh, around and around and around and around,  
F Bb F Bb  
Everything in the world goes around,  
F Bb F Bb  
Yes around and around and around and around,  
F Bb F Bb  
Everything in the world goes around...

[Verse 2]

F Bb F Bb  
From the moment of birth till you go back to the earth,  
F Bb F Bb  
Your life is like a circle of gold,  
F Bb F Bb  
And everything you begin, every song that you sing,  
F Bb F Bb  
Sooner or later must go  
F Bb F Bb  
Another time another place, another life another face,  
F Bb F Bb  
Oh my love I know I ll see you again,  
F Bb F Bb  
And the circle that starts with the beat of your heart,  
F Bb F Bb

takes you back to the beginning again

[Chorus]
