

The Best That Love Can Be
Chris de Burgh

This is my first transcribed song. I think I got it right.

Capo II

D G5 D A
D G5 D
There was a time the fire was burning bright,
D G5 D
And everything was shining in the light,
D Bm F#m Bm F#m
But when the heart is cold, together we re alone,
F#m Em D
Thinking of reasons to stay away;
D G5 D
There was a time that love was in our bed,
D G5 D
Eternity in every word we said,
D Bm F#m Bm F#m
But when desire has gone, it s hard to carry on,
F#m Em A
Going through the motions, when there s nothing there;

Gmaj A
You have got my heart, and all I want from you,
Gmaj A
Is just a kiss before we say goodbye;

A D Bm Em D A
And let me keep my memories of all the times we were amazing,
A D Bm Em A D
And I will keep in memories the best that love can be;

D G5 D
There was a time we had so much to say,
D G5 D
Together at the ending of the day,
D Bm F#m Bm F#m

But when the only words are all the ones that hurt,

F#m Em A

Try to remember the way we were;

Gmaj A

Take the past and hold it like a photograph,

Gmaj A

Cos it s the only way to say goodbye;

A D Bm Em D A

And we will keep these memories of all the times we were amazing,

A D Bm Em A Bm

And we will keep in memories the best that love can be,

Em A D

The best that love can be;

D G5 D

D G5 D

We were amazing.
