Arranged By: J.P.
Rock/Pop
            As Performed By: Intro. Chords: (Open
Chords)Am-Em-Am-Em-Am-Em-Am-Em
                   (Palm Mute)Am-Em-Am-EmVerse 1:Am
                 EmShe never sleeps at night she s quiet but she
         Am
                               EmHer mind is racing, she
dreams.Am
           Εm
                  Αm
                                 EmAnother idea.Verse
plans, she plots, she schemes.
                      Αm
                          Em
2:Am
       Εm
                Αm
                             EmShe takes apart the past and
re-writes all her lines.Am
                                          EmShe s
                       Em
                              Am
tried to win him back a hundred different times,
                                          Εm
                                      Αm
                                             Αm
 EmShe s got another idea.Chrous:Am
                                Am
                                       Em
 AmShe keeps waiting, hoping he ll come back some day,
                                          Am
           EmShe 11 leave me, until she does I can say.F
GWait, please don t go,
                               Am-Em-Am-Em-Am-EmI ve
got another idea. Verse 3:Am
                                       EmNo fun to
                             Am
be the one that love is praticed on, Am
                            Em
EmWhy should I leave her she wouldn t know I ve gone
                                        AmI ve got
another idea.Chrous:
                                     AmI 11 keep
                               Εm
waiting, hoping she ll love me someday,
                          Εm
                               Αm
                                     Em
EmShe ll want me until she does I can say.F
                                    GWait, please don
                   (Am-Em progression until fade) I ve got another
idea.Solo:Part of this is also played under the intro.
