It won t be nice if they catch me,

I will win your love for me,  
yeah I will win your love for me.

Looked so sweet when I met you,  
now you re acting so bold.  
Feels so hot when I kiss you,  
and now you come on cold.

**D**

And I still love you, I still want you.

**A**

And I will win your love for me,  
yeah I will win your love for me.
