Verse 1:

**G F C D**  
Seems like you and me are stuck together

**G F C D**  
Feels like we've never been apart

**G F C D**  
Seems like you are my skin of supple leather

**G F C D**  
Seems like your blood pumps through my heart

**G F C D**  
Seems like you and me are one another

**G F C D**  
Feels like we couldn't be un-joined

**G F C D**  
Seems like I am your sister, you're my brother

**G F C D**  
Feels like a phrase yet to be coined

Bridge:

**G C F D**  
But maybe we find a thing that cannot be ignored

**G C F D**  
That will leave a standing naked on a stranger's iron shore

Verse 2:

**G / F / C / D** (like 1st)

Seems like I am to you a vital organ  
Feels like you are to me the air  
Seems like without your night I'd have no morning  
Feels like you'll always want me here

Bridge:

But maybe there s something that could never be foreseen  
A fragile thing that rusts inside our finely honed machine

Chorus:

**C D G F**  
Ohoooooooooooo If we should ever be untethered

**C D G Em**  
Ohoooooooooooo If somehow we should end

**C D G F**  
Ohoooooooooooo If we could not go on together

**C D G Em D**  
Ohoooooooooooo Apart you d be my good and trusting friend

Verse 3:

**G / F / C / D**

Seems like a letter written to a cover  
Feels like a note I ll never send
