

You Just Cant See Him From The Road
Chris LeDoux

This is one of my favorite Chris Ledoux songs. I think this tab is accurate.
Sounds good to me.

You Just Can t See Him From the Road
Chris Ledoux

D **G** **D**
Well you don t see him much, on the big screen anymore
A **D**
The kids dont ride along with Roy or Gene
G **D**
And that ain t really him, with all those feathers in his hat
A **D**
And some frenchman s name embroidered on his jeans

Chorus

Bm **D**
But he s still out there ridin fences
Bm **A**
Still makes his livin with his rope
D **G** **D**
As long as theres a sunset, he ll keep ridin for the brand
A **D**
You just can t see him from the road

Well he never learned to two step, hell he barely learned to walk
But he s worn a lot of leather off the tree
He s had one or two good horses, that he counts among his friends
He never drew a breath that wasn t free

Chorus

Well he s tall in the saddle, short on the cash
The last to quit, the first to buy the beer
Well he s a night in leather armour, still livin by the code
Thats made him what he s been a hundred years

Chorus

D **G** **D**
(Repeat) As long as theres a sunset, he ll keep ridin for the brand
A **D**
You just can t see him from the road
