

You Just Cant See Him From The Road
Chris LeDoux

This is one of my favorite Chris Ledoux songs. I think this tab is accurate.
Sounds good to me.

You Just Can t See Him From the Road
Chris Ledoux

C **F** **C**
Well you don t see him much, on the big screen anymore
G **C**
The kids dont ride along with Roy or Gene
F **C**
And that ain t really him, with all those feathers in his hat
G **C**
And some frenchman s name embroidered on his jeans

Chorus

Am **C**
But he s still out there ridin fences
Am **G**
Still makes his livin with his rope
C **F** **C**
As long as theres a sunset, he ll keep ridin for the brand
G **C**
You just can t see him from the road

Well he never learned to two step, hell he barely learned to walk
But he s worn a lot of leather off the tree
He s had one or two good horses, that he counts among his friends
He never drew a breath that wasn t free

Chorus

Well he s tall in the saddle, short on the cash
The last to quit, the first to buy the beer
Well he s a night in leather armour, still livin by the code
Thats made him what he s been a hundred years

Chorus

C **F** **C**
(Repeat) As long as theres a sunset, he ll keep ridin for the brand
G **C**
You just can t see him from the road
