

**You Just Cant See Him From The Road**  
**Chris LeDoux**

This is one of my favorite Chris Ledoux songs. I think this tab is accurate.  
Sounds good to me.

You Just Can t See Him From the Road  
Chris Ledoux

**E** **A** **E**  
Well you don t see him much, on the big screen anymore  
**B** **E**  
The kids dont ride along with Roy or Gene  
**A** **E**  
And that ain t really him, with all those feathers in his hat  
**B** **E**  
And some frenchman s name embroidered on his jeans

Chorus

**C#m** **E**  
But he s still out there ridin fences  
**C#m** **B**  
Still makes his livin with his rope  
**E** **A** **E**  
As long as theres a sunset, he ll keep ridin for the brand  
**B** **E**  
You just can t see him from the road

Well he never learned to two step, hell he barely learned to walk  
But he s worn a lot of leather off the tree  
He s had one or two good horses, that he counts among his friends  
He never drew a breath that wasn t free

Chorus

Well he s tall in the saddle, short on the cash  
The last to quit, the first to buy the beer  
Well he s a night in leather armour, still livin by the code  
Thats made him what he s been a hundred years

Chorus

**E** **A** **E**  
(Repeat) As long as theres a sunset, he ll keep ridin for the brand  
**B** **E**  
You just can t see him from the road
