

Midnight Lady
Chris Norman

Bm **F#m**
You think love is a game, love is a motion
G **D**
Endless and so deep, always emotion
Bm **F#m**
I ve got many ways, to reach tomorrow
G **D**
Love will always grow, no pain, no sorrow

Em
When you take me in your arms, you
F#m
can break me with your heart
G
I feel the magic of your charm, oh,
A
you re tearing me apart

D
Midnight lady, love takes time
G
Midnight lady, it s hard to find
Em
Midnight lady, I call your name
F#m **A**
I know you can ease my pain
D
Midnight lady, just you and me
G
Midnight lady, eternally
Em **F#m**
Midnight lady, I can fly in your arms
Bm
I ll get high

Magic touched my life, I m still dreaming
Anything before has lost its meaning

Heaven in your eyes, my soul is on fire
Oh, my feelings grow, we can t go higher

Oh, I just want a girl, baby, just to call my own
And I just wanna dream, I don't have to dream alone
