Simple song, yet beautiful and relaxing. Makes me feel really weird.

Intro: Improvisation in E (major)
Right before the lyrics start play E-G#

Am

I feel your heat in dusty whispers

F

The wind is cold around your moon

Dm

Em

It s getting hard to keep our distance

Am

I know your time is coming soon

Am

Don t point your dream on my horizon

F

Don t take your rose too far from home

Dm

Em

Please don t forget we re not each other

Am

Each soul has black thorns of his own

G

I see you dancing

Your song is clear

G

G#

You ve got to show me, got to show me

Am

There s nothing to fear

F

Nothing to fear

Dm Em Am

Am

I have my loved ones you have yours

F

So let us gaze upon the feast

Dm

Em

In God s own name let s eat together

Am

In God s own name please come in peace

Am

See how our children play together

F

While you and me we stand alone

Dm

Em

I know we ll never be each other

Am

If I leave you leave me alone

G

I see you dancing

Your song is clear

G

G#

You ve got to show me, got to show me

Am

There s nothing to fear

F

Nothing to fear

Dm Em Am

Then again solo in E, then outro in verse chords.

Use the G as xx9787 , maybe then you can figure out the licks he does between the lyrics.
