When Did You Fall In Love
Chris Rice

```
Capo I
Intro                      C+/A= x02110
C Am G  (x2)
```

Verse 1
```
 C                          Gmaj7
Your all smiles and silly conversations
   C                          Gmaj7
As if this sunny day came just for you
     Dm                                      Am
You twist your hair you smile and you turn your eyes away
                         Bm
Come on tell me what s right with you
```

Verse 2
```
      C                          Gmaj7
Now it dawns on me, probably everybody s talking
            C                      Gmaj7
And there s something here I m supposed to realize
          Dm                                       Am
Cause your secrets out and the universe laughs at it s joke on me
              Bm                        D
I just caught it in your eyes, you re my beautiful surprise
```

Chorus
```
G               Bm        C
When did you fall in love with me?
      Am                           D
Was it out of the blue?  Cause I swear I never knew it
G         Bm          C
When did you let your heart run free?
      Am                   C+/A
Have you been waiting long?
Am7                     D           C Bm
When did you fall in love with me?
Em                      C         Gmaj7
When did you fall in love?
```

Verse 3
```
       C                                        Gmaj7
Make your way over here, sit down by this fool and let s rewind
       C                           Gmaj7
Come on, let s go back and reply all our scenes
       Dm                                              Am
You can point out the hints, the clues, the twists, and the smiles this time
```

```
                        Bm
All the ones that slipped by me

Verse 4
            C                                         Gmaj7
I ll bet my face is red and you can hear my heart pounding
          C                               Gmaj7
Well I guess it don t matter now that I realize
      Dm                                      Am
Cause baby I missed it then, but I can surely see you now
              Bm                         D
Right here before my eyes, your my beautiful surprise

Chorus

Bridge
                  C             Am
Was it at the coffee shop?
                    Bm                  Em
Or was it that morning at the bus stop,
                  Am                      D
When you almost slipped and I caught your hand?
        Dm                    G
Or the time we built the snowman?
                  C             Am
The day at the beach sandy and warm?
          Bm                    Em
Or the night with the scary thunderstorm?
    Am           D                      Dm                 G
I never saw the signs that we ve got to make up for lost time
                  C
And I can tell now by the way that you re looking at me
            Bm         Em         D   G      C   G/B
I better finish this song so my lips will be free, yeah

      Am                 C+/A
Have you been waiting long?
Am7                   D
When did you fall in love?
    Am               C+/A
I kept you waiting so long
Am7                 D
When did you fall?
      Am               C+/A
Have you been waiting long?
Am7                       D                   C Bm
When did you fall in love -      with me?
Em                   C
When did you fall in love?
```
