Could you really love me

{Verse}

I catch the slightest movement in the curtain as you enter And you come into my view
And quietly you kiss me
Yeah my touch you ve been missing
I can feel that in you
There s no need to worry
Yeah I m not in a hurry
To spend my life with you
And babe since I met ya
My eyes have been open to the light that s around you

{Chorus}

Could you really love me
Could you really show me the way
Could I really love you
Could I stand up and say
Well that you are my lady
And in my heart you will stay
So won t you be my baby
Yeah yeah
