

I Cant Talk
Chris Robson

I Can't Talk by Chris Robson

[Intro]

E B A E
E B A E

[Chorus]

E
I can't talk baby
F# A E
I can't lift my weary head to tell you where we go from here.
E
Please don't cry baby,
F# A E
We can try and maybe we can find some time that we can share.

[Verse]

A E
They always said that there were plans for us,
A E
They said it would turn out right in the end,
A E
But we can't see the road ahead of us,
A B
I'd hate to say can we still be friends.
A E
I've forgiven you for everything,
A E
Everything a man can do.
A E
But when I look you in the eye I just can't help myself,
A B
Cos some of those things they hurt me too.

[Chorus]

E
So I won't talk baby,
F# A E
I won't lift my weary head to tell you where we go from here.
E
Please don't cry baby,
F# A E
We can try and maybe we can find some time that we can share.

[Verse]

A E

And did you listen to a word Iâ€™ve said,

A **E**
Youâ€™re always looking kind of blank,

A **E**
Cos when itâ€™s over and weâ€™re finally through,

A **B**
You know itâ€™s me youâ€™ll have to thank.

A **E**
Cos when weâ€™re older weâ€™ll look back and laugh,

A **E**
At all the things that might have been,

A **E**
And maybe in our hearts weâ€™ll feel a little sad,

A **B**
And thatâ€™s the reason why Iâ€™m saying.

[Chorus]

E
So I wonâ€™t talk baby,
F# **A** **E**
I wonâ€™t lift my weary head to tell you where we go from here.

E
Please donâ€™t cry baby,
F# **A** **E**
We can try and maybe we can find some time that we can share.

[Chorus]

E
That I canâ€™t talk baby
F# **A** **E**
I canâ€™t lift my weary head to tell you where we go from here.

E
Please donâ€™t cry baby,
F# **A** **E**
We can try and maybe we can find some time that we can share.

A **E**
Oh we can find some time that we can share
A **B** **A** **E**
We can find some time that we can share
