Rainbow Scars by Chris Robson

[Intro]

C Am C Am

[Verse]

C Am C Am
There you are again, hiding with your friends,
C Am F G
Listening to the same old stories, just with different ends.
C Am C Am
Then you stare at me, with eyes that cannot see,
C Am F G
What you're slowly turning into and do I hold the key.

[Chorus]

C E
If you show me your rainbow scars,
F Fm
Spend a night with me under the stars,
C Am G G7
And think about the place you want to be.
C E
Show me how it feels,
F Fm
Tell me when the wheels stop turning,
C G C
And I will come to you to set you free.

[Verse]

C Am C Am
Now you're losing hope, thoughts have turned to rope,
C Am F G
So you start to cry for clarity trying hard to cope.
C Am C Am
With all that life can bring, you want your heart to sing,
C Am F G
I know that you can hear the harmonies that my world can bring.

[Chorus]

C E
If you show me your rainbow scars,

F **Fm**
 Spend a night with me under the stars,
C **Am** **G** **G7**
 And think about the place you want to be.
C **E**
 Show me how it feels,
F **Fm**
 Tell me when the wheels stop turning,
C **G** **C**
 And I will come to you to set you free.

[Refrain]

Gm **Dm**
 And if you think you ve had a taster of what is on the other side,
Gm **Dm** **A7**
 Then I think you must be taking the whole world for a ride.

[Verse]

C **Am** **C** **Am**
 So if you close your eyes, to all that you despise,
C **Am** **F** **G**
 Sink into the slow serenity as you start to rise,
C **Am** **C** **Am**
 When itâ€™s time to reap, and youâ€™ll be fast asleep,
C **Am** **F** **G**
 No-one will hear me coming and youâ€™ll be mine to keep.

[Chorus]

C **E**
 If you show me your rainbow scars,
F **Fm**
 Spend a night with me under the stars,
C **Am** **G** **G7**
 And think about the place you want to be.
C **E**
 Show me how it feels,
F **Fm**
 Tell me when the wheels stop turning,
C **G** **C**
 And I will come to you to set you free.
C **G** **C**
 Yes I will come to you to set you free.

[Refrain]

Gm **Dm**
 Up above the streets and houses, the sky is cold and grey,
Gm **Dm** **A7**
 Paint the whole world with a rainbow, I still wonâ€™t go away.
