Song: You Are Good

[Verse]

**E**  
I want to scream it out from every mountain top

Your mercy follows me, Your kindness fills my life

Your love amazes me

And I ll sing because You are good  
**A**  
And I ll dance because You are good

You are good to me

[Verse]

Nothing and no one comes anywhere close to You

You are good, You are good  
**C#m** **A**  
in the summer rain my heart celebrates  
**E** **B**  
You are good, You are good

Notes:

This song is very very simple. It is hit and hold most of the song.  
These are just the basic chords charted in the Key of the artist that  
I heard this song from which is in **E**.

If your a guy leading vocal,  
I would recommend transposing the song from **E** to **G**.  
This is a very good driving praise song.
