

The Way You Look At Me
Christian Bautista

[Verse]

C **G** **Am**
No one ever saw me like you do
C **G** **Am**
All the things that I could add up to
F **Em** **Dm**
I never knew just what a smile was worth
Em **F** **Dm** **G**
But your eyes say everything without a single word

[Chorus]

C **G** **F**
Cause there's something in the way you look at me
C **G** **F**
It's as if my heart knows you're the missing piece
Am **Em** **F** **Dm**
You make me believe that there's nothing in this world I can't be
F **G**
I'd never know what you see
F **G** **C** **F**
But there's something in the way you look at me

[Verse]

C **G** **Am**
If I could freeze the moment in my mind
C **G** **Am**
Be the second that you touch your lips to mine
F **Em** **Dm**
I'd like to stop the clock make time stand still
Em **F** **Dm** **G**
Coz baby this is just the way I always wanna feel

[Bridge]

Am **Em**
I don't know how or why
Dm **F** **G**
I feel different in your eyes
Am **Dm** **F** **G**
All I know is that it happens every time
