Some of the A s will probably have to be Am (and vice versa)

I ll try to work on CoNR... By the way need anymore Sisters desperately?  
I can play just about all the early stuff (all of Some Girls), about  
half of FaLaA, all of the few guitar parts on Floodland ( : ) , and all  
of Vision Thing (what a boast that one is!)

I might do some Cult next tho - how about SpiritWalker or 53rd Dream or  
Nirvana or Hollow Man or Brother Wolf, Sister Moon?

Has Adrenaline been done yet? That s piss easy!

How about some DCD?! Say - Indoctrination?! We ve been planning a  
cover of that, so I could transcribe the main riff...

Anyway - I ll surprise you...
