G# C# Fm D#

G# C#  
Saying I love her, won t get me sober  
Fm D#  
This is the point of no return  
G# C#  
She s like a fever, I can t defeat her  
Fm D#  
I guess I love the way it burns  
G# C#  
But tonight, I m letting it hurt  
Fm D#  
Cause I m going in under  
G# C#  
Nothing s like being with her, with her

G# A#m  
She s like suicide but it feels alright  
G# D#  
I could die today, give my life away  
G# A#m  
She s like suicide but I just can t fight  
G# D#  
Her gravity tonight  
A#m G# F#  
She s like suicide alright  
A#m G# F#  
She s like suicide all night

G# C#  
I m on the needle, I know it s lethal  
Fm D#  
But it s the only remedy  
G# C#  
I m crossing over each time I m hold her  
Fm D#  
But it s the weapon that I need  
G# C#  
Nothing s like being with her, with her
