Intro: Am Dm F E  
Am Dm F

There s no ground when you fall for me  
You ll be fallin for miles  
I m bewitched by your misery  
But I love it when you smile  
Let me know what you want from me  
Whisper low in my ears  
Before you try to get your hooks in me  
I should warn you, my dear

My heart is a haunted house  
Once you re in you ain t gettin out  
It s the trap you ve been waitin for  
Ain t no windows, ain t no door  
No escapin the way you feel  
It s like a dream but you hope it s real  
My, my, my heart  
My, my, my, my heart is a haunted (haunted house)

Am Dm F

Watch your step when you walk to me  
Careful where your heart treads  
Suddenly you ll be in too deep

Am Dm E  
You ll be caught up in my web  
Am Dm F  
You will think of me constantly  
E Dm F E  
It ll drive you insane (hmm)  
Am Dm F E  
Like the tattoo you can t remove  
Am Dm E  
Like the blood in your veins
