

Lift Me Up
Christina Aguilera

E

So the pain begins

G#m

As the music fades

E

And I m left here with

G#m

With more than I can take

A

E

If you lift me up

G#m

A

Just get me through this night

A

E

I know I ll rest tomorrow

G#m

A

And I ll be strong enough to try

E

When the static clears

G#m

And all is said and done

E

I will realize

G#m

That we all need someone

A

E

If you lift me up

G#m

A

Just get me through this night

A

E

I know I ll rest tomorrow

G#m

A

And I ll be strong enough to try

A

So when you see me crashing

E

And there s nowhere left to fall

G#m

Will you lift me even higher

A

To rise above this all

A

E

If you lift me up

G#m **A**
Said if you lift me up

E G#m [x4]

G#m **A** **E**
Said if you lift me up

G#m **A**
Will you lift me higher

A
When you see me crashing

E
And there s nowhere left to fall

G#m
Will you lift me even higher

A
To rise above this all

A **E**
If you lift me up

G#m **A**
Said if you lift me up

A **E**
If you lift me up

G#m **A** **E**
Just get me through this night
