Sing For Me
Christina Aguilera

Eb   Gm
Sometimes when I m sitting on my bed
Feeling so so lonely wishing someone hold me
F   Eb
All I have is three little notes playing in my head

Eb   Gm
Outside I can cover all the scars
Inside lie the words just pleading to be heard
F   Eb
Cause all I have are three little melodies to kill all the hurt

Eb   Gm
Now I m ready gonna sing em all out
Sing em out just to myself
F   Eb
I don t even care what the world thinks about how I sound

              F   Eb
Cause when I open my mouth

My whole heart comes out
Bb
Every tear I wanna cry is satisfied
F
I m singing till I m winning Imma sing all night
              F   Eb
Cause when I open my mouth

There s no place to hide
Bb
Everything that I ve been feeling runs wild and free
F
I m singing cause I m winning imma sing for me

Eb   Gm
I stand and believe in who I am

Take shots at my heart but who am I to give up
F   Eb
Everybody needs a melody to set their souls free
Eb   Gm
My stage is the greatest in the world

Give back to the ones who struggle with me stay true
F   Eb
Reminding me to see my only chosen destiny

```
