Bm **Em** **A** **D**
Sometimes you look at you and the face you see s not who you want to be
Bm **Em** **A** **D**
Everybody s got it together or at least that s what it seems

Bm **Em**
You try to be like, why you try to be like
A **D**
Whatever they like, I know what it feels like
Bm **Em** **A** **D**
Can t keep you up all night, don t let them tell you how to live your life

CHORUS:

Bm **Em** **A** **D**
And if they make you feel ugly
 Bm **Em**
Just imagine everybody in their birthday suits
A **D**
Imagine everybody in their birthday suits

x2

Bm **Em** **A** **D**
Oh-oh, oh-oh, funny how it looks when you switch the roles
Bm **Em** **A** **D**
Oh-oh, oh-oh, never know what s underneath until it gets exposed

Bm **Em** **A** **D**

And if they make you feel ugly

Just imagine everybody in their birthday suits

Imagine everybody in their birthday suits

Bm **Em** **A** **D**
She may look better than you, but, come on, she's vain, she doesn't have a
Brain

Bm **Em** **A** **D**
His pants hang lower than yours but he stumbles when he tries to run, noo

Bm **Em**
You try to be like, why you try to be like

A **D**
Whatever they like, I know what it feels like

Bm **Em** **A** **D**
Can't keep you up all night, don't let them tell you how to live your life

CHORUS

BRIDGE:

A# **A** **G** **A**
Who cares, what everybody's thinking, no no

A# **A** **G** **A**
Who cares, sometimes it's cool to be uncool

A# **A** **G** **A**
Who cares, if their ship is sinking

A# **C**
It really doesn't matter, cause only you know what's good for you

CHORUS
