**Am F**  
Okay, lets keep this simple  
**C G Am**  
I do intend to live my life on the safe side  
**F C G**  
It s who I am, and it s who you aren t  
**Am F**  
I can, I can see you clearer  
**C G Am**  
When you re not lying underneath it all  
**F C G**  
And I can t see your complexion  
**Am**  
And I know your heart  
**F**  
The way you choose  
**C G**  
You always want the best for you  
**Am F**  
But I m standing here with crying eyes  
**C G**  
I still see through your disguise

**Am G C**  
I never meant for you to choose  
**F**  
You should ve known better  
**Am G C**  
There s nothing left for you to loose  
**F Am**  
When you looked at me and said you had it all  
**G C**  
But what you did; is not unforgivable  
**F**  
Unforgivable  
**Am G C F**  
What you did ; is not unforgivable.
