Christina Novelli

Standart tuning

Em G D A

Em **G** **D** **A**
Let me breath you in, and breath the words in your mouth,
Em **G** **D** **A**
inside your shivering, the silence shouts so loud.
Em **G** **D** **A**
I just want to, I just want to stay around,
Em **G** **D** **A**
and while my heart beats I promise I won t let you down.

G **F#9839;m**
If you keep building these walls,
Em
brick by brick towers so tall,
C
soon I won t see you at all,
G
until the concrete angel falls,

I knew who you were from the start,
but now I don t know who you are,
soon there will be nothing at all,
until the concrete angel falls.

If I m somewhere else it doesn t mean that I don t see,
that you don t trust yourself, that s why you don t trust me,
it makes me crazy, when you re crazy, you don t speak,
you think you know me, but what you know is just skin deep

If you keep building these walls,

brick by brick towers so tall,
soon I won t see you at all,
until the concrete angel falls,
I knew who you were from the start,
but now I don t know who you are,
soon there will be nothing at all,
until the concrete angel falls.

It s twisting your mind, I m not getting through,
cos I don t see it like you do,
There s nothing to find you ve got no excuse,
I m over getting over you,

cos I don t see it like you do, I m over getting over you....

If you keep building these walls,
brick by brick towers so tall,
soon I won t see you at all,
until the concrete angel falls,
I knew who you were from the start,
but now I don t know who you are,
soon there will be nothing at all,
until the concrete angel falls.
