

Bluebird

Christina Perri

C **Am**
How the hell does a broken heart
F **G**
Get back together when it s torn apart?
C **Am**
Teach itself to start
F **G**
Beating again, ba ba ba ba

C
This little bluebird
Am
Came looking for you
F
I said that I hadn t seen you
G
In quite some time
C
This little bluebird
Am
She came looking again
F
I said we weren t even friends
G
She could have you

F **G**
Don t you think it was hard?
C **F**
I didn t even say that you died
C **F**
It wouldn t have been such a lie
G
Cause then I started to cry

C
This little bluebird
Am
Sure won t give it a rest
F
She swears that you may be
G
Better than all the rest
C
I said no
Am
You ve got it all wrong

If he was something special
