

One Wish

Christina Perri

Capo 4

C#

If I had one wish I'd make us

Bbm

drift away far from this place

F#

And you know better than

G#

me that I like it my

Bb7

way

C#

Since the circumstance is weak,

Bbm

I know that you are swallowing your pride

G#

When you look at me

Bb7

F#

All I'm trying to

G#

say is that

C#

whatever you do it's

F#

okay. Baby I'll

G#

stay

Bb7

C#

I am not a fool when it comes

Bbm

straight down to your p's and q's

F#

And mister

G#

I think you have me all wrong

Bb7

C#

Cause at the end of every day

Bbm

I like to lay my head your way

F#

And listen to your

G#

heart sing

C#

F#

All I m trying to say

Is that

G#

whatever you do it s

C#

okay Cause baby I ll

G#

stay with

F#

you

G#

I ll stay with you
