

Run

Christina Perri

Run by Christina Perri

The album is not out yet so there are some lyrics that I couldn't quite figure out.

Note:

When she plays it live I believe that for the C7 and the E7 she plays the same shape as the B7. The C7 would be a half step up on the 3rd fret and the E7 would be 2 and a half steps up to the 7th fret.

Em	G	C	B7	B	C7	Am	E7	Am	E7	
e -0---3---0---2---7---0---5---0--								-0---0--		You can also play
B -0---3---1---0---7---1---5---5--								-1---0--		these chord shapes
G -0---4---0---2---8---3---5---7--								-2---1--		for the bridge.
D -2---5---2---1---9---2---7---6--								-2---0--		
A -2---5---3---2---9---3---7---7--								-0---2--		
e -0---3-----7-----5-----								-----0--
