

North And South Of The River
Christy Moore

C G

I want to reach out over the Loch

F

Feel your hand across the water

C G

Walk with you along an unapproved road

F

Not looking over my shoulder

C G

I wanna see, and I wanna hear

Am F

To understand your fears

C G F

But we re north and south of the river

I ve been doing it wrong all of my life

This holy town has turned me over

A young man running from what he didn t understand

As the wind from the Loch just blew colder and colder

There was a badness that had its way

But love wasn t lost, it just got mislaid

North and south of the river

North and south of the river

Can we stop playing these old tattoo s

Darling I don t have the answer

I wanna meet you where you are

I don t need ya to surrender

There is no feeling so alone

As when the one you re hurting is your own

North and south of the river

North and south of the river

C G

Some high ground is not worth taking

Am F

And some connections are not worth making

C G

There s an old church bell no longer ringing

Am F

And some old songs are not worth bringing

C G F

North and south of the river

North and south of the river
